MD. THASAN ANSARY FAHIM

Frontend Developer

Dhaka, Bangladesh | +880 1734410015 | fahimansawri550@gmail.com Portfolio | GitHub

PROFESSIONAL SUMMARY

Highly motivated and detail-oriented Computer Science and Engineering graduate with a strong focus on building scalable web applications, mastering modern frontend architectures, and designing intuitive UI/UX experiences enriched with smooth micro-interactions.

TECHNICAL EXPERTISE

Frontend Development	JavaScript (ES6+), TypeScript, React.js, Next.js, Context API, Redux Toolkit, TanStack Query
UI & Styling	Tailwind CSS, Shadcn UI, Responsive Web Design, HTML5, CSS3
Backend & Integrations	Node.js, Express.js, REST API Integration, MongoDB

KEY PROJECTS

Multi-Provider AI Proxy Server

Technologies Used: *Node.js, Express, MongoDB, Mongoose, Passport.js, Socket.IO, Axios, React, Vite, TailwindCSS, React Query (TanStack Query), React Router*

- Core Functionality: Developed a production-ready AI gateway connecting coding tools to multiple LLM providers (Anthropic, OpenAI, GitHub Copilot), featuring intelligent middleware for protocol translation and automatic provider switching during rate limits.
- System Optimization: Implemented response caching, token management, and automatic failover mechanisms to enhance system reliability and reduce API costs.
- Dashboard & Auth: Created a full-stack web dashboard for real-time monitoring of API requests and analytics, integrated with Google OAuth and MongoDB to support multi-user isolation.
- Key Features: RESTful API, Server-Sent Events (SSE) streaming, real-time WebSocket communication, multi-provider API integration, protocol translation, rate limiting & failover

Interactive Quiz Web Application

Technologies Used: *React.js, Tailwind CSS, HTML5, Context API*

- Core Functionality: Built a responsive and interactive quiz platform allowing users to tackle structured question formats with real-time performance feedback.
- Key Architecture: Engineered dynamic question rendering workflows and robust client-side state management to accurately track user answers and cumulative scores.
- UI/UX Design: Focused heavily on delivering a clean, highly engaging user interface with smooth interactive transitions and scalable component modules.

EDUCATION

B.Sc. in Computer Science and Engineering

Bangladesh University of Business and Technology (BUBT) | 2021 – 2025

Higher Secondary Certificate (HSC) — Science Group (2019) | Result: GPA 3.50 out of 5.00
Secondary School Certificate (SSC) — Science Group (2017) | Result: GPA 3.95 out of 5.00

LANGUAGES

Bangla: Native Language
English: Professional Working Proficiency (Basic command over Listening, Speaking, Reading, and Writing)

PERSONAL & CONTACT DETAILS

Present Address: House 481, Road 5, East Kazipara, Mirpur, Dhaka-1206
Permanent Address: Vill+PS+Post: Pakundia, District: Kishoreganj, Dhaka
Nationality: Bangladeshi
Date of Birth: 10 October 2001
